Education

Indian Institute Of Information Technology Agartala **2023 – 2027**
Bachelors of Technology in Computer Science and Engineering *CGPA: 8.86*

Chinmaya Vidyalaya **2021 – 2022**
Senior Secondary (XII) *Percentage: 96.0*

SJS Public School **2019 – 2020**
Secondary (X) *Percentage: 98.4*

Projects

MeetFlow (Video Conferencing Platform)

- Built a full-stack real-time video conferencing platform using **Next.js 14**, **TypeScript**, **Stream Video SDK**, and **Stream Chat SDK**, supporting video/audio calls, screen sharing, recordings, and live meeting chat.
- Implemented secure authentication, authorization, and user management using **Clerk**, ensuring protected routes and seamless user sessions.
- Developed collaboration features including **meeting scheduling**, **meeting history**, **personal meeting rooms**, and invitation-based meeting joining.
- Designed persistent meeting and chat storage using **MongoDB Atlas**, enabling retrieval of historical meeting data and chat conversations.
- Built a responsive UI using **Tailwind CSS** and deployed the application through **Vercel CI/CD**.
- **Tech Stack: Next.js 14**, **TypeScript**, **React.js**, **Tailwind CSS**, **Clerk**, **Stream Video SDK**, **Stream Chat SDK**, **MongoDB Atlas**, **REST APIs**, **Git**, **GitHub**, **Vercel**.

Airbnb Backend API

- Developed a scalable hotel booking backend using **Spring Boot**, supporting hotel management, room inventory, booking workflows, and user profile management.
- Designed and implemented **20+ RESTful APIs** with **JWT-based Authentication** and **Spring Security**, enabling secure role-based access control for users and administrators.
- Integrated **PostgreSQL** with **Spring Data JPA/Hibernate** to manage bookings, rooms, guests, and hotel data through optimized relational database operations.
- Implemented end-to-end booking lifecycle management including booking creation, guest handling, inventory tracking, payment initiation, and booking status monitoring.
- Documented and tested APIs using **Swagger/OpenAPI**, enabling interactive API exploration and reducing backend integration effort.
- **Tech Stack: Java**, **Spring Boot**, **Spring Security**, **JWT**, **PostgreSQL**, **Hibernate/JPA**, **Swagger/OpenAPI**, **Maven**, **Docker**, **REST APIs**.

Achievements

- **Adobe India Hackathon 2025:** Qualified for **Stage 2** among nationwide participants. Certificate
- **Hacktoberfest 2025:** Super Contributor with **8 merged pull requests** across multiple open-source repositories. Certificate
- **GirlScript Summer of Code (GSSoC) 2024:** Super Contributor for consistent, high-impact open-source contributions. Certificate
- **Meta Hacker Cup 2024:** Achieved **Global Rank 2111** in Round 1. Profile
- **LeetCode: Knight** — Rating **1900+**, Top **3.18%**, **1000+ problems solved**. Profile
- **Codeforces: Pupil** with a peak rating of **1348**. Profile
- **CodeChef: 2-Star** rated with a peak rating of **1494**. Profile

Technical Skills

Languages: C++, C, Python, JavaScript, TypeScript, Java, SQL

Frameworks & Technologies: Spring Boot, Spring Security, React.js, Next.js, Tailwind CSS

Databases: PostgreSQL, MySQL, MongoDB Atlas

Backend & APIs: REST APIs, JWT Authentication, Hibernate/JPA, Swagger/OpenAPI, Clerk Authentication

Tools: Git, GitHub, Docker, Linux, Maven, VS Code, Vercel

Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks
